Venezuelan Diplomat Recalled. The diplomatic relations between America and Venezuela, that have exthough in recent years severely strain ed, are completely severed, Senon Veloz-Golticoa, the Venezuelan charge daffaires, called at the state department by appointment to present to Acting Secretary of State Bacon notice from his government that he was to quit his post here, close up the Vene zuelan legation in Washington and re AT ALL HOURS pair forthwith to Venezuela.

Now, as to the future, it is pointed

out by officials who have followed closely the developments in the Veno zuelan situation, that there is not the diste future or indeed at all.

Mr. Veloz's withdrawal follows that of Minister Russell as diplomatic rep resentative of the United States to Venezuela about two months ago and that of Mr. Sleeper, the secretary of legation, about two weeks since. The reason for the withdrawal of the Amer fean logation at Caracas arose from give redress for the governmental acin Venezuela were either destroyed or confiscated, or to submit the claims of American citizens to arbitration.

Girl Shot Drunken Father.

Enraged by family troubles, Amos Pollhamus attempted to murder his wife and their four childrenn, but was himself probably fatally shot by his oldest daughter, Helen, the postmis tress at Delmont, N. J. Polhamus had expressed the intention of killing all the members of his family, and his daughter Helen was warned. Ar riving at his home in an intoxicated condition, he selzed a hatchet and struck Sarah, his sixteen-year-old daughter, a glancing blow on the head rendering her unconscious. At this juncture Helen appeared with the revolver, and as the trate man started upstairs with the avowed purpose injuring his wife, who was lying in bed with a three-day-old baby, Heler shot him in the neck. He made a dast for Helen, and the girl shot again the bullet taking effect in the abdo men. As he dropped to the floor, he eried out: "Oh, don't shoot me; don't

Twelve Heat Deaths In Philadelphia Though the maximum temperature in Philadelphia was a few degrees lower than on Monday, the weather bureau thermometer registering 91 as the highest mark, there was much continued suffering from the heat here Tuesday and twelve persons reported dead from the heat, either directly or indirectly. One of the most peculiar deaths was that of George F. Green aged 65 years, who sought relief from the heat in the bathtub. He was over come while preparing the bath, and falling into the water was drowned Edward Tagg, aged 55 years, a doct hand, sat down on the edge of a whart to rest and, overcome by the heat toppled over into the river and was

## A Mineral Water that Defies Drugs NATURE'S GREAT BLOOD TONIC Gamas

The recent drug exposures in this Country have proven to all that deadly poisons and stimulants lurk in many Patent Medicines. You never know when you might be tak-

ning some of that class.

Nature has made ample provision for restoring vigor and vitality to humanity, and the public, as well as doctors, resort to Natural Remedies, when all others have failed.

Are you troubled with Dyspepsia, Nervousness, Malaria, Kidney or Bladder Trouble, Chronic Diarrhoea or Dysentery, and above all, that dreadful disease Scrofula, which has almost baffled human skill, or Diseases pecusion to Formales?

# Piedmont-Bedford Concentrated Iron & Alum Water

Is Nature's Remedy for Nature's Ills. Yes, when you consider that disease comes from impoverished or min down conditions of the system, this Natural Mineral Water

form impoverished or win down conditions of the system, das Adams furnishes the system what it needs.

The analysis of this Water, shown on the bottle, tells you what Nature thinks you should take when sick, and the doctor who reads it will agree.

Do you think the grouping together in this Water of 17 different minerals, which are recognized by medical writers as most powerful blood tonics, could have been accidental? Reason answers, NO!

An 18-oz bottle of Piedmont-Bedford Concentrated Iron and Alum water contains all the minerals of 25 gallons of the average natural water—Then why buy a barrel of water when you can get a bottle of minerals at the trivial cost of

one dollar. The dose is a teaspoonful in a glass of your own spring water.

How this Water acts upon the system is not clearly known. It is judged mainly by its works. It has cured all the diseases numerated above, and many more, evidently through its action as a powerful BLOOD TONIC.

We have many valuable certificates, which we will be glad to mail, if you are
